These practices and techniques shall be applied to planning, development, inventorying, classification, and management of agricultural resources.

(2) To increase production and expand the diversity and availability of agricultural products for subsistence, income, and employment of Indians and Alaska Natives, through the development of agricultural resources on Indian lands.

(3) To manage agricultural resources consistent with integrated resource management plans in order to protect and maintain other values such as wildlife, fisheries, cultural resources, recreation and to regulate water runoff and minimize soil erosion.

(5) To develop Indian agricultural lands and associated value-added industries of Indians and Indian tribes to promote self-sustaining communities.

(6) To assist trust and restricted Indian landowners in leasing their agricultural lands for a reasonable annual return, consistent with prudent management and conservation practices, and community goals as expressed in the tribal management plans and appropriate tribal ordinances.

(b) **INDIAN AGRICULTURAL RESOURCE MANAGEMENT PLANNING PROGRAM.**—(1) To meet the management objectives of this section, a 10-year Indian agriculture resource management and monitoring plan shall be developed and implemented as follows:

(A) Pursuant to a self-determination contract or self-governance compact, an Indian tribe may develop or implement an Indian agriculture resource plan. Subject to the provisions of subparagraph (C), the tribe shall have broad discretion in designing and carrying out the planning process.

(B) If a tribe chooses not to contract the development or implementation of the plan, the Secretary shall develop or implement, as appropriate, the plan in close consultation with the affected tribe.

(C) Whether developed directly by the tribe or by the Secretary, the plan shall—

SEC. 102. INDIAN PARTICIPATION IN LAND MANAGEMENT ACTIVITIES.

(a) **TRIBAL RECOGNITION.**—The Secretary shall conduct all land management activities on Indian agricultural land in accordance with goals and objectives set forth in the approved agricultural resource management plan, in an integrated resource management plan, and in accordance with all tribal laws and ordinances, except in specific instances where such compliance would be contrary to the trust responsibility of the United States.

(d) **SOVEREIGN IMMUNITY.**—This section does not constitute a waiver of the sovereign immunity of the United States, nor does it authorize tribal justice systems to review actions of the Secretary.

SEC. 103. INDIAN AGRICULTURAL LANDS TRESPASS.

(c) CONCURRENT JURISDICTION.—Indian tribes which adopt the regulations promulgated by the Secretary pursuant to subsection (a) shall have concurrent jurisdiction with the United States to enforce the provisions of this section and the regulations promulgated thereunder. The Bureau and other agencies of the Federal Government shall, at the request of the tribal government, defer to tribal prosecutions of Indian agricultural land trespass cases. Tribal court judgments regarding agricultural trespass shall be entitled to full faith and credit in Federal and State courts to the same extent as a Federal court judgment obtained under this section. Nothing in this Act shall be construed to diminish the sovereign authority of Indian tribes with respect to trespass.

SEC. 104. ASSESSMENT OF INDIAN AGRICULTURAL MANAGEMENT PROGRAMS.

(a) ASSESSMENT.—Within six months after the date of enactment of this Act, the Secretary, in consultation with affected Indian tribes, shall enter into a contract with a non-Federal entity knowledgeable in agricultural management on Federal and private lands to conduct an independent assessment of Indian agricultural land management and practices. Such assessment shall be national in scope and shall include a comparative analysis of Federal investment and management efforts for Indian trust and restricted agricultural lands as compared to federally-owned lands managed by other Federal agencies or instrumentalities and as compared to federally-served private lands.

(b) PURPOSES.—The purposes of the assessment shall be—

(1) to establish a comprehensive assessment of the improvement, funding, and development needs for all Indian agricultural lands;

(2) to establish a comparison of management and funding provided to comparable lands owned or managed by the Federal Government through Federal agencies other than the Bureau; and

(3) to identify any obstacles to Indian access to Federal or private programs relating to agriculture or related rural development programs generally available to the public at large.

(2) lease or permit agricultural lands to the highest responsible bidder at rates less than the Federal appraisal after satisfactorily advertising such lands for lease, when, in the opinion of the Secretary, such action would be in the best interest of the Indian landowner.

(b) AUTHORITY OF THE TRIBE.—When authorized by an appropriate tribal resolution establishing a general policy for leasing of Indian agricultural lands, the Secretary—

(1) shall provide a preference to Indian operators in the issuance and renewal of agricultural leases and permits so long as the lessor receives fair market value for his property;

(2) shall waive or modify the requirement that a lessee post a surety or performance bond on agricultural leases and permits issued by the Secretary;

(3) shall provide for posting of other collateral or security in lieu of surety or other bonds; and

(4) when such tribal resolution sets forth a tribal definition of what constitutes “highly fractionated undivided heirship lands” and adopts an alternative plan for providing notice to owners, may waive or modify any general notice requirement of Federal law and proceed to negotiate and lease or permit such highly fractionated undivided interest heirship lands in conformity with tribal law in order to prevent waste, reduce idle land acreage, and ensure income.

(c) RIGHTS OF INDIVIDUAL LANDOWNERS.—(1) Nothing in this section shall be construed as limiting or altering the authority or right of an individual allottee in the legal or beneficial use of his or her own land or to enter into an agricultural lease of the surface interest of his or her allotment under any other provision of law.

(2)(A) The owners of a majority interest in any trust or restricted land are authorized to enter into an agricultural lease of the surface interest of a trust or restricted allotment, and such lease shall be binding upon the owners of the minority interests in such land if the terms of the lease provide such minority interests with not less than fair market value for such land.

(B) For the purposes of subparagraph (A), a majority interest in trust or restricted land is an interest greater than 50 percent of the legal or beneficial title.

(3) The provisions of subsection (b) shall not apply to a parcel of trust or restricted land if the owners of at least 50 percent of the legal or beneficial interest in such land file with the Secretary a written objection to the application of all or any part of such tribal rules to the leasing of such parcel of land.
